## GOAL

The goal of this project is to provide coins for those participating in park clean-up, preservation, education, restoration, and/or conservation. The American Numismatic Association seeks to celebrate the semiquincentennial of the United States of America by facilitating young numismatist volunteer work in the parks in exchange for coins related to the anniversary of the Declaration of Independence. Young numismatists can walk away with coins related to America 250 and a better understanding of the lands and parks that make up our country.
