

Coins in the Classroom: Oh, the State I'm In

State Quarter Project

Your task is to complete research on the state that is represented by the quarter that you have chosen. You will do a presentation that will include the following:

1. The significance of the symbols on the reverse of your quarter. Include any dates or names depicted on the coin.
2. Draw an example of the state flag that represents your state.
3. When your state achieved statehood.
4. The current governor of your state and the names of the two United States Senators who represent the state.
5. The largest industry in your state.
6. At least one famous person from your state, living or dead, and describe their important accomplishment.
7. Any professional sports teams that call your state home.
8. The climate conditions of your state including the average precipitation and temperature.

You are encouraged to use any visual aids you can find or create that are appropriate.
